

Development Program Leads
Name: Cameron Skidmore

July 10, 2023

Dear Development Program Leads,

I am writing to you today to provide a reference for Mr. Cameron Skidmore. It has been a pleasure to get to know Cameron for over 3 years now. Cameron has worked for me in an Engineering environment for two tours now and it has been a pleasure to have him as an integrated team member. We also enjoy working together and socializing for recreation.

It should go without saying that he is a remarkable and ambitious talent, with an eye for not only growing his technical abilities, but also seeking out challenging opportunities to add to the mission across our community.

Cameron has always taken his role as a developing technical asset very seriously, and is passionate about his results. Beyond his passion, Cameron is a natural technical leader, and enjoys working with others. He's at his best in a group environment, and is consciously proactive at his labors, consistently endeavoring to derive the best results possible. He has a very effective personality and is consistently called upon to handle development tasks for the organization. Cameron is truly becoming a remarkable professional.

I have the deepest personal and professional respect for Cameron, and sincerely believe that he will bring his unique energy, optimism, and tireless creativity to your program. He has my highest endorsement. If you have any questions about this endorsement, please do not hesitate to contact me.

Sincerely,

Mr. Steve D'Addario
